

Dear Readers;

The fifth issue of *Journal of Strategy and Performance Management* (Vol. 2, Issue. 3) is in your hands. JSPM is now indexed in ProQuest, Ulrich's Web, Google Scholar, Journal Seek, DRJI and Guadamas! Since ISI requires publication for more than the age of JSPM, we will have to wait for another 3 issues before we can apply for an Impact Factor. However, we remain focused for that and are setting up.

We have added a new section of Urdu Book Reviews. This is the first such attempt by a management journal, so we hope to learn and adopt.

The acceptance rate in this issue remained 21%. I thank all the reviewers who contributed time for reviewing the submitted articles and remain hopeful for their continued contribution.

Happy Reading!

Nadeem Kureshi
Professor of Engineering Management
Center for Advanced Studies in Engineering, Islamabad,
Institute of Business Administration, Karachi, &
National University of Science & Technology, Karachi, Pakistan.
Editor, on July 1, 2014.
